

# **CITY OF HAYWARD**

## **AGENDA REPORT**

AGENDA DATE 03/16/99

AGENDA ITEM 2

WORK SESSION ITEM           

**TO:** Mayor and City Council

**FROM:** Director of Public Works

**SUBJECT:** Transportation Development Act (TDA) Article 3 Funds: Wheelchair Ramps -  
Authorization to File Application

### **RECOMMENDATION:**

It is recommended that the City Council authorize, by resolution, the filing of an application with the Metropolitan Transportation Commission (MTC) for an allocation of TDA funds in fiscal year 1999/2000, to construct wheelchair ramps at various locations throughout the City.

### **BACKGROUND:**

Each year TDA funds are made available to the cities in Alameda County for construction of bicycle paths, sidewalks, wheelchair ramps, and other pedestrian facilities. One of the conditions for MTC approval of TDA funding is the submittal of a resolution by the governing body stating that it has authorized the filing of an application for funds.

A Preliminary Grant Application to MTC has been prepared for construction of wheelchair ramps at various locations for fiscal year 1999/2000. The various ramp locations were selected in accordance with the Curb Ramp Guidelines established in the City's Americans with Disabilities Act (ADA) Transition Plan. Due to the success in prior year programs, the City is now able to begin completing all the intersections in specific neighborhoods. The proposed locations for wheelchair ramp installation in the Fairway Park and lower "B" Street areas is illustrated in Exhibit A.

This method of concentrating on one or two areas was chosen over doing a few locations in each neighborhood for cost effectiveness. The allocation of \$81,612 in TDA funds for this project will be approved by the MTC upon receipt of the City's final project application. This final application, which is due by April 15, 1999, must include the City Council's resolution authorizing the filing of the application, as required by the MTC. MTC approval is expected in late June 1999, with funds being available after July 1, 1999.
